Bringing Your Brand to Life

There's no better time than the present to review your workplace's safety measures.

From specialty safety signage to general wayfinding:
FBD2 can help.

Safety Signage

Use pictograms to enhance the message.

Use vivid colors and patterns to draw attention.

* Do you need specific materials to withstand the work environment?

Material Types

Peel & Stick Vinyl	Adhesive vinyl with a matte-surface. Scratch resistant. Indoor use. Vibrant and durable.
Plastic: 3mm PVC	Sturdy and thick plastic. Indoor or Outdoor use. Mount with double sided tape or screws.
Aluminum	3mm Aluminum composite. Indoor or Outdoor Use. Mount with screws or stand offs.

Parking Signs

- Choose between metal (durable) and plastic (economic)
- How will the sign be mounted? Do you need special holes for hardware?
- Consider the visibility in the parking area. Should the sign be reflective?

Wayfinding

Should the signage project from the surface?

Will information need to be updated after installation?

* Consider the requirements needed to mount signage to the desired surface.

Floor Decals

- What type of traffic will the decal need to withstand?
- How long do you want the decal to last?

* Consider using floor tape to identify aisles, paths or zones for specific purposes.

Material Types

Peel & Stick Vinyl	Adhesive vinyl with a matte-surface. Scratch resistant. Indoor use. Vibrant and durable.
Foot Print	Anti-slip vinyl. Indoor use. Short term use in foot traffic areas.
Boot Print	Anti-slip vinyl. Indoor or Outdoor use. Long term use in foot and equipment traffic areas.

Dimensional

- Choose between wood/metal (visual appeal) and PVC (economic)
- Finishings include laminate, paint, or print.
- Do you want to light the letter? Options include edge lighting, backlighting, or down lights.

Other Considerations

- Who will install the signage?
- Do you need this to match or stand out from existing signage?
- What is the optimal viewing distance of the sign?

- * Need portable messaging?
Try using an A-Frame

- * Use standoffs for a polished final look

- * Frequently changing graphics?
Save your wall with poster frames
